PROGRAM

The “*fish philosophy*” demonstrated by fishmongers at the acclaimed Pike Place Market in Seattle and captured in the engaging videos called FISH™ and the sequel FISH STICKS™ is used internationally by organizations as an inspiration and model to:

Create world-class breakthroughs in performance, teamwork, accountability and customer service by:

- Building trust levels that appreciate unique strengths
- Connecting organizational vision & values
- Tackling tough issues in a supportive environment

The interactive work/play shops are “games worth playing,” providing permission, momentum and tools for transformation. Facilitations are integrated to enhance existing professional development programs. May be enjoyed as stand-alone motivational presentations or in a “train the trainers” series tailored to meet organizational needs. Stories of success in business, health, education and public service organizations motivate and inspire individuals to see within.

RESULTS:

- Greater confidence in our ability to perform as team leaders
- Retention & attraction of great people
- Less stress/fewer sick days & injuries
- Recognition of possibilities & resources

The philosophy provides a centering point that enhances the messages of other accountability and productivity programs. It is the why and how for the changes we want to see. Pam Gardner, APR

Based on the book, *Fish! A Remarkable Way to Boost Morale and Improve Results* by Lundin, Chistensen and Paul

TACO-EATING EVENT.....

Our member firms, Felipe's Taqueria and Chaffey College (their associated students) partnered to raise scholarship funds on Cinco De Mayo – so the Inland Valley Daily Bulletin reported as front-page news in their May 6 edition. The goal was to make and eat 11,000 tacos in less than three hours! They came up short, but netted nearly \$5,000! Congratulations to Felipe's and students of Chaffey College.

President's Message

Kleenex anyone! We could have used some at the 5th annual ASIST awards banquet at Kellogg West Conference Center May 26. The Awardees **Alicia Presley, Rocio Mercado** and **Ramona Street** graciously and tearfully accepted our scholarship awards that will be sent to their colleges. We enjoyed meeting some members of their families who also attended this event. Guest speaker Sue Aebischer spoke of her work at the House of Ruth and shared how to become a trained volunteer for the organization. A special thank you to the ASIST Chair, Sue Henry of Image Concepts and her committee for their work and selections for these awards.

At our May meeting, our Membership Director, Michelle Lawrence of Gourmet Gourmet Catering, announced our newest firm, **Rancho Family Practice Associates & Laser Derma Care Center**, and introduced representative Linda McMillian, Business Manager, and executive Lothar McMillian, MD, owner/CEO. A special thank you as well to Michelle and her committee for bringing in four new firms and their continued recruitment efforts.

News regarding LCAM in Salt Lake City in September

☀️ The Richmond Chapter will be awarding a \$1500 scholarship to an EWI representative that has never attended LCAM and does not have the financial support from their firm to do so. Visit www.ewirichmond.org for an application and additional information.

☀️ Academy of Leadership – all four (4) AOL Modules will be offered in Salt Lake City – Sept. 21, Module 3; Sept. 22, Module 1, 2 and 4.

Our silent auction is coming up in September and we need everyone's help in soliciting items for the auction, inviting guests, and helping with the event – more information to come.....

This month we celebrate Flag Day – June 14, the beginning of Summer – June 21, and, of course, honoring our Dads, Husbands, Uncles or anyone serving in that role on Father's Day – June 19.
